Those who have served under Mrs. Corey's direction will miss her guiding hand. It is safe to assume that, though in retirement, Mrs. Corey will still be there with the boys in spirit.

The hundreds of people who have known and been served by Mrs. Corey will be wishing her a happy, busy retirement. Her friends, knowing how active this lady likes to be, will be glad to know that she plans to remain very interested in her many hobbies. She looks forward to working in her rose garden and to pursuing her needlework. Mrs. Corey is looking ahead to her new role with much pleasure and all of the people of Mattapoisett join her in the contemplation of this pleasant prospect. We wish her well.

KEITH BILL TO REDUCE TANKER DANGER

Congressman Hastings Keith, whose Massachusetts Districh has one of the longest coastlines on any Congressional District in the nation, has introduced legislation to alleviate the hazards to maritime safety and marine resources caused by ship disasters such as the recent grounding of the tanker Torrey Canyon.

This act would give the President authority to take any necessary steps to alleviate the danger created by the escape of oil or other substance from vessels incapacitated by grounding or other marine disaster. The Commandant of the Coast Guard, who is responsible for maritime safety, and the Secretary of Interior, who is responsible for the preservation of marine resources, would have the power to determine that a marine disaster was threatening maritime safety or marine life and inform the President of that fact. The President would then be authorized to alleviate the danger by measures such as removal of cargo, scavenging or entrapping escaping oil or even by destroying the vessel and its cargo. Keith's bill would prevent the situation which occurred in England with the Torrey Canyon, where no one knew who should act until the time for effective and appropriate action had passed.

The possibility of a supertanker going aground off the coast of the United States is perhaps a greater threat to Keith's district, which includes the port of New Bedford and Cape Cod, than to any other district in the country. Tourism and fishing are the district's principal industries and the release of substantial quantities of oil in coastal waters would be a disaster to the whole area.

A final section of the bill calls for the President to join with other countries to alleviate the dangers of hazardous or obnoxious substances being released in marine disasters. At present, there is an International Convention dealing with the intentional release of oil from vessels cleaning their tanks and bil-

PARENT-TEACHERS CLUB

"Past, Present and Future" was the theme of the Mattapoisett Parent-Teachers Club's final meeting of the 1966-67 year at Old Hammondtown School.

A delicious typical "type-A" school meal was prepared by Mrs. Ada C. Delano and her staff to better acquaint parents with the hot lunches that are available to the children. The menu was oven barbecued chicken, whipped potato, peas and carrots, cranberry sauce, cupcakes and coffee. Mrs. Delano answered questions on how she serves so many so well.

Past, Present and Future was the theme of the Parent-Teachers Club of Mattapoisett, and this group of past presidents was honored. Left to right: Allen Sherman, Mrs. Lemuel Le Baron, Mrs. Katherine Powell, Mrs. George Bradley and Lee Root.

The portion of the program dealing with the past was an interesting review by Mrs. Lemuel LeBaron of how the club began in 1926. Mr. Edward Lewis introduced the past presidents.

The present part of the program included a tour of the lovely new library, conducted by Miss Elizabeth Cushman. Also included was the display of projects, themes and drawings done by the children. Of special interest was the exhibition of musical instruments made by the music class of Mrs. Richard Blasdale.

Mr. John Moynihan, principal, spoke briefly about the summer reading and math program.

Mr. Earle addressed 40 students, spoke of his own business background, and emphasized the need for the individual student to apply himself, not to waste time and to learn a skill.

JUNIOR GRANGE MEETING

Mattapoisett Junior Grange held its bi-monthly meeting last Friday night. Mrs. Edna Day, a member of the State Grange Home and Community Service Committee, was the honored guest. She announced that the State chairman, Helen Hitchcock, would like a report from the Junior Grange similar to the way the Subordinate Grange reports, letting her know of its community activities.

Just at the end of the planned short business meeting the lights went out. This being "Project Workshop Night", with candles for light, the Juniors continued dauntlessly on their work creating the most interesting State and National projects. Pillows were made of wash cloths, beautiful candle holders, seed pictures, posters and utility boards. The workshop did not close until 10 o'clock. The matron, Mrs. Mildred LeBaron, was assisted by Mrs. Ruby Barber, Mrs. Joseph Carson, Mrs. Irene Jefferson, Mrs. James Harris, Mrs. Herbert Cleveland and Miss Rebecca Day.

Some of the work done by the Juniors will be on display at the Subordinate Grange meeting this Thursday night.

The next Junior meeting will be April 28th, when the Degree will be conferred on Ricky

STORY HOURS CONCLUDED

The final Saturday morning story hour for this season was held at the Mattapoisett Public Library this past Saturday. Readers were Mrs. Alfred Peccini and Mrs. Frank Oxnard.

The story hours, which have been held every other week since November for pre-schoolers and first graders, were sponsored by the Literature Group of the Mattapoisett Woman's Club, Mrs. John R. Moynihan, chairman.

Mrs. Moynihan and Mrs. Oxnard, club president, on the behalf of the Woman's Club, wish to express their deepest thanks and appreciation to Mrs. Samuel Hathaway, librarian, who graciously gave of her time during non-library hours; to Mrs. Peccini, who, though not a club member, gave her time by being a story teller; to the Library Trustees for allowing the Woman's Club the use of the library; and to all others who helped in any way.

The story hours, which were very successful, will be resumed in the Fall.

CADETTE MEETING CHANGED

The Mattapoisett Cadette Girl Scouts' meeting time has been changed to Monday evening, April 24th, at 7:00 P.M. in the Fellowship Room of the Congregational Church. Guest speaker will be Dr. Elizabeth Gleason.

"LOFT SCHOOL CIRCUS DAY"

Don't forget to mark May 6th on your calendar as "Loft School Circus Day". Three hours of fun and games are planned for children from Marion and surrounding communities. Admission will be free - save your pennies for the items on sale and the many games and grabs.

The animal table will be an important feature of this fair. Two nice hamsters and a new litter of puppies have already been donated. If some animal friend of yours is expecting, see if she wouldn't be willing to have her offspring sold for the benefit of the Loft. Mrs. Jean Briggs, chairman of the "animal rescue committee", would love to hear from you.

And don't forget that Saturday's noon meal is also provided for at the Circus. Your favorite cookies, cold drinks and hot dogs will be on sale as well as a variety of sandwiches
